

# Avalon Aviary's Available Baby Birds

Updated 7/2/2024

Green Winged Macaw - F - Age: 2 years

We have 1 female Macaw, hand fed, weaned, and raised here at Avalon. She hatched 6/3/22.

She is playful, talkative, and loves to fly and exercise. Lots of wood toys needed, as she loves to play with them!

Caiques - Age: 1 year old

We have 1 Caique available for a new home.

The female (on the right) that hatched 5/4/23.

Caiques are curious, busy, clown birds who need hours of time to play and interact!

Sun Conures - Age: 5 months

We have 3 female Sun Conures available for deposits. They will be ready to go home soon.

They are being handfed and weaned onto pellet, seed, and chop.

Cockatiels - Ages: 3-5 months old

We have 18 baby Cockatiels at various degrees of being handfed and weaned.

DNA sexing is still pending for some. We are working through our waiting list as DNA results come in and then they will be available to any qualified home.

Lovebirds - Ages: 2-3 months

We have 2 male Lovebirds available for deposits. They will be ready to go home soon.

They are being handfed and weaned onto pellet, seed, and chop.

## VALUE: What Do You Get with an Avalon Aviary Bird?

Pre-purchase interview - Know what you are getting into; get the right bird for you.

Naturally hand-fed and abundance-weaned; secure babies have not been force-weaned or tube-fed. Proper psychological relationship with food.

DNA sexing included (unless sexually dimorphic or tiny species: budgies):  
Know the sex of your bird – it is important to know for health reasons.

Exceptional book at our cost (for conures and larger); Knowledge at your fingertips, 24x7.

Availability can change at any time.

If you are interested in a specific bird, please come by,  
or call to confirm it is still available!
